Split Mind Horizontal Timeline

SPLIT MIND

HORIZONTAL TIMELINE / Death Perpetuates Time

AMNESIA = Ego's attempts to replace God & our Holy Self in our awareness
The BODY = Ego's central idol as substitute for God
DEATH = The central dream of the entire perceptual realm (consciousness)

Realm of Knowledge vs. Realm of Illusions

GOD

REALM OF KNOWLEDGE

- Sons (Souls) of God
- Certainty only
- No perception
- No consciousness
- Christ Mind Whose Will is one with God
- State of undivided Communion
- Heaven/Eternity
- Oneness/Singularity
- Co-Creation with God
- Changeless, perfect Love
- God's Mind / Christ Mind is invincible because it is undivided

and God Himself Takes the Final Step

REALM OF ILLUSIONS

The Dream of:

- Perception/consciousness
- Duality/partial awareness
- Choice to perceive apart from God
- The death realm, NDE's and the after life
- All dimensions of time
- The astral realm
- The physical universe and its "laws" (ego laws)
- The dream of "life" apart from God
- The body & all physical form
- The "laws" of nature (ego laws)
- Extraterrestrials/UFO's

In this realm of illusions there is no order of difficulty in miracles because there is no hierarchy of illusions. All illusions are equally UNREAL.

collapses the
Shield of
Fear

1 SPLIT MIND - EGO

Sin, guilt and fear. Belief we are the body and limited by it.

2 SHIELD OF FEAR = DEFENSES AGAINST GOD/LOVE

All "appearances" of fear arise from misperception of being a body. i.e. special relationships, personal pleasure drives, sickness, lack, loss, death. Constant distraction, problem-solving, doing. All action is fear driven. The obstacles to peace.

3 THE DIVINE SWITCH - SHOWING UP

Forgiveness, Atonement, Miracles & the Seven Keys. Holy Instant, surrender perception to Spirit for repurposing, stillness, receiving.

4 HOLY SELF - REAL WORLD

Our true and only Identity, peace, Love, miracles, receiving. All action is inspired by the miracle-drive. End of death and reincarnation.

Victim or Perpetrator?

BOTH VICTIM AND THE PERPETRATOR ARE THE SAME

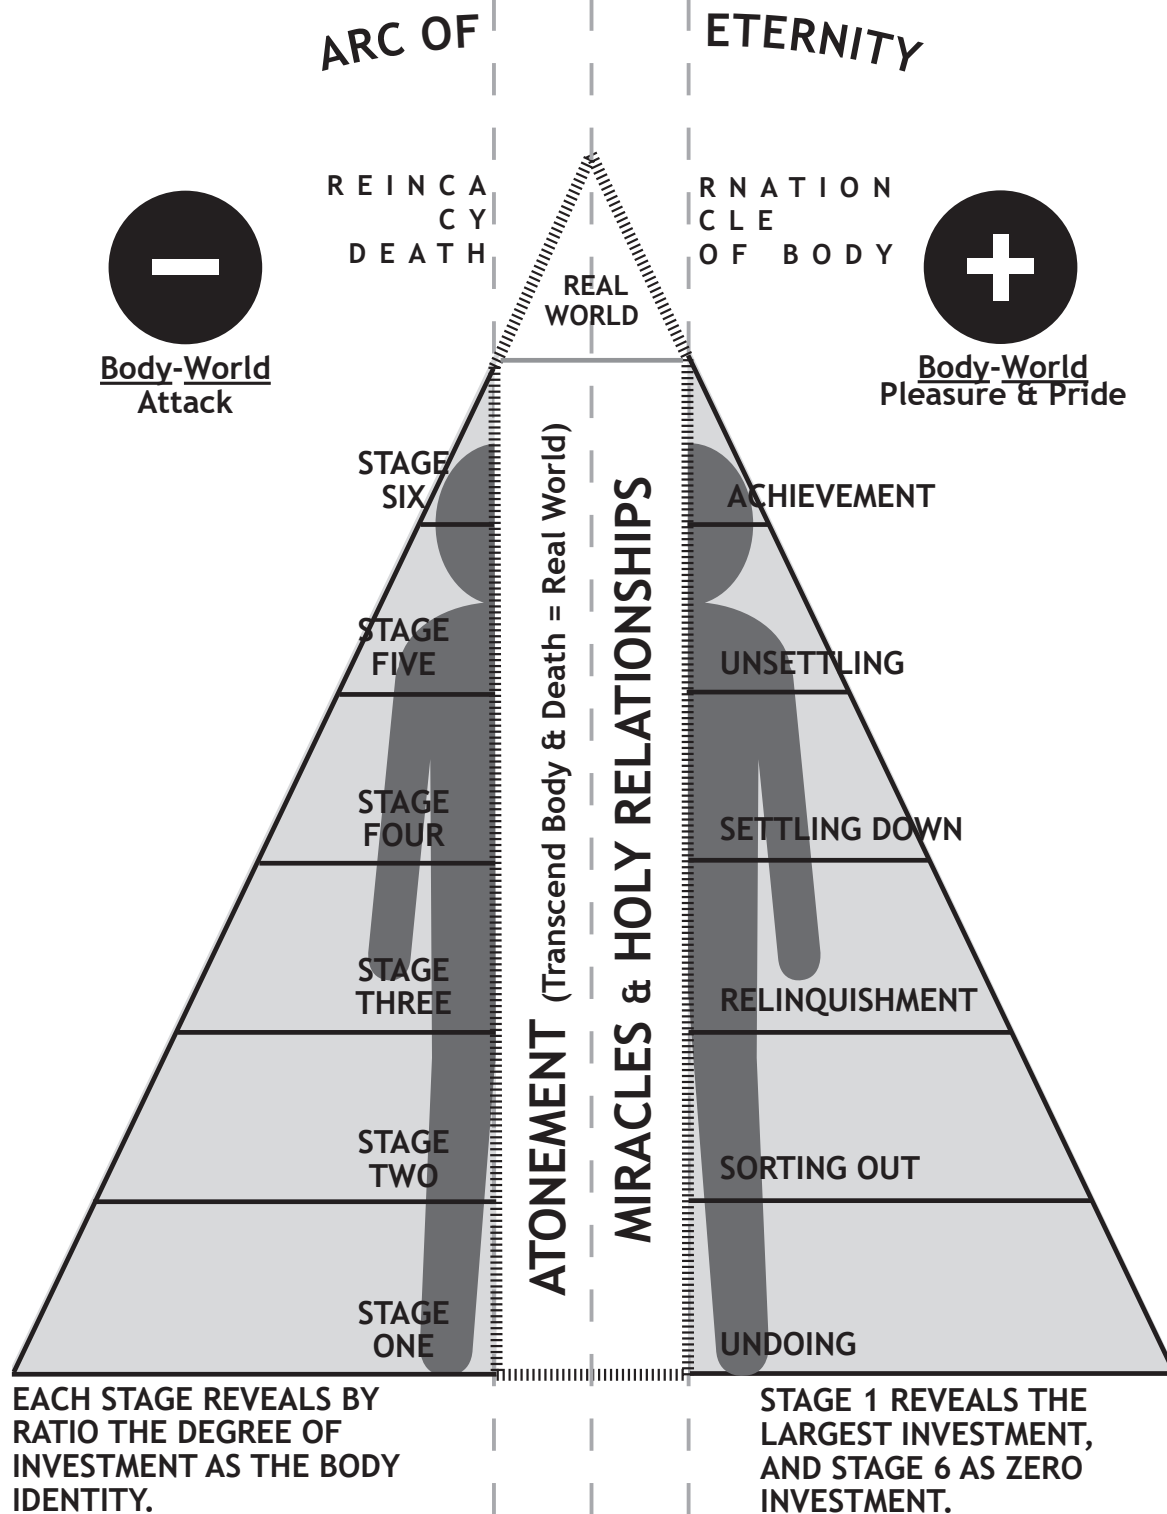

When we come to vertical alignment, through forgiveness, there is a welcomed appreciation for all involved. When we carry forgiveness right through to its final stage where we feel thankful for the person and the trigger, there is no more need to attract this form or pattern of attack any longer. When recalling a previously hurtful memory, there is no further emotion attached to that story. It simply disappears. And then we know it has been healed.

PERSON # ONE	PERSON # TWO
Person number one is perhaps empathic, super sensitive, feels easily victimized, over-caring, over-giving, self-effacing, emotional, moody and withdrawing, a compensator, people-pleaser, etc. This person may be an over-achiever too. This one hates conflict and always tries to keep the peace, and will even sacrifice themselves to do so. This type of personality can tend to view themselves as having been victimized.	Person number two appears to be the opposite. He or she is forthright, perhaps thoughtless and selfish at times, dominating, controlling or even aggressive at times, critical and judgmental, unemotional, insensitive, hard to please, expects their needs to be met by others, authoritative, demanding, intimidating. This type of personality has a tendency to be seen as a perpetrator or bully by those who see themselves as victims.

Six Stages of Awakening

SIX STAGES OF AWAKENING

Special Relationship Pendulum

Using the image of a pendulum here, we will call this special relationship pendulum “fear.”

Special Relationship Pendulum

Special love is always fear in disguise. In our special relationships all that occurs is similar to a pendulum that swings incessantly from the ego’s hotly desired forms of fear such as pleasure, to its most viciously rejected forms of fear such as conflict, pain and loss. The whole pendulum is fear. As fear itself, it can only swing between these two versions of fear. These two polarities of fear represent the ego’s “symbols” of love. Like a pendulum, its entire field of action is completely circumscribed by fear. This is not Love. And this is why so many human relationships fail.

Shades of Gray

SPLIT MIND
Fear AND Love
are each totally
mutually exclusive.

They cannot coexist
in awareness
at the same time.

We see one OR the other.

As Trust advances
even the slightest contrast
becomes intolerable.

We make an unequivocal decision
to stay in the WHITE BOX,
to stay 100% authentic and present.
